No.

The Plague Commissioner
in Mysore.

Sir,

The District of Tumkur being declared by the Government to be "under observation", I have the honor, under Regulation 3 of Additional Regulations under the Epidemic Diseases Regulation, 1897, to submit the accompanying statement showing the number of Frontier Inspection Stations necessary to effectively guard this District against the importation of plague, together with the Strength and the Cost of the establishment to be entertained at each of these stations.

2. The plague-infected areas from which importation of the disease into the District

is ~~criminally~~ apprehended are:-(1) Bangalore City and (2) Guntakal, Anantapur District. The whole of this District has Communication with the Bangalore City, and the Taluks of Panagada and Madagani with Guntakal as well.

3 Two main roads (the Bellary-Panagada road and Penakonda-Panagada road) and one cart track (Hindupur-Panagada) enter the Taluk of Panagada. Of these, the Bellary-Panagada road is not much frequented. It is protected by 2 Police Stations, Viz, the Dodahulli Sub Station and the Panagada Head Station. The latter station may serve as the Inspection Station and 2 literate 1st class Constables may be added to it. The Penakonda-Panagada road is much used but it is not protected by any Police station. A station near Kodimadagu, on the frontier, at about the 6th mile from Panagada may be opened with 3 Constables and 1 Taliwar. The cart-track between Hindupur and Panagada is very much frequented by carts and travellers going to the large market at Hindupur. The track is protected by the

Panagadha Taluk

Head Strength to be:-
2 Lt. 1-Class Constables for Panagada Head Station.

New Station at Kodimadagu with 3 Constables 1 Taliwar

2 Lt. 1st Class Constables at Dodahulli Sub Station

Police Sub Station at Domuttmuri, which is about 3 miles from our frontier. This may be made an inspection station with the addition of two literate 1st class Constables.

Maddagiri Taluk - 4. The Railway Station of Hindupur is only 5 miles from the north-eastern frontier of the Maddagiri Taluk. The Cart-tracks that lead to Hindupur are - one from Hosakote via Dod Dhalawatta and the other from Maddagiri via Kodigenahully. The former cart-track is very much used and it is necessary to have an inspection station by its side. The most convenient place for a station is near Dodd a Dhalawatt at the point where the Cart track from Vitlapura joins the one from Hosakote and it may be manned by 3 Constables and 2 Valavars. The other cart-track is protected by the Kodigenahully Sub Station which may be made an inspection station and 2 literate 1st class Constables may be added to its present strength.

Tumkur Taluk 5. Two roads enter the Tumkur Taluk from the Bangalore District. For the protection

of the Dobbspett - Kortagere road, the Sub-station of Hindagere may be made an Inspection Station by the addition of two 1st class Constables. The other road is the main-road between Bangalore and Tumkur. There is the railway station of Hirehully on this road, about 8 miles distant from Tumkur. There is a likelihood of passengers alighting at this station in order to evade examination and observation at Tumkur. An inspection Station is therefore, necessary at this point for the examination of persons coming by rail aswell as by road. One may be opened with 2 1st class Constables and 1 Talawar.

6. The Bangalore - Mangalore road enters the Taluk of Kunigal from the Magadi Taluk. It is an important road with a deal of traffic. An inspection station may be opened on the frontier at Gottikere, 5 miles from Kunigal with 2 Constables and 2 Talawars. Kunigal Taluk

7. The total Cost of the establishment of the Inspection stations proposed above will be Rs 156/- per mensem for which early Sanction is requested.

I have the honor to be,
Sir,
Your most obedient Servant
M Narasimha Rao
Deputy Commissioner.

Statement shewing the number of Frontier Inspection Stations necessary to effectively guard the Tumkur District against the importation of plague in to the Tumkur District together with the Strength and the cost of the Establishment &c.

the other fields. It is necessary to guard these sheds as well as the evacuated houses against the inroads of bad characters. The Police station of Yelagenahalli is at a distance of 5 miles from the village and cannot afford much protection to it.

On the 21st of February last, several houses in the village were broken into and property the value of which is being ascertained, was carried away. Under these circumstances, I have entertained, in anticipation of your approval, the Marginally noted Establishment for the watch and ward of the village and request that you will kindly obtain the Sanction of the Plague Commissioner to the Same.

The Plague Commissioner
in Mysore.

Sir,

I have the honor to report that Plague has broken out at Kothagere, a village in the Kunigal Taluk and that as it is situated only a mile and a half from Kunigal on the Tumkur-Kunigal Road, the town is imminently threatened. The disease seems to have been prevailing in the village for sometime past, and as it was not immediately brought to the notice of the Authorities, the inhabitants of the village were going freely to Kunigal and mixing with the people there. It is therefore necessary that the health of the people of Kunigal as well as those of the Taluk generally should be carefully watched. I have therefore entertained in anticipation of your sanction the marginally* noted establishment for the Taluk of Kunigal

* 1 Plague Inspector on Rs. 25 + 15 per mensem
6 Constables (three 1st Class Constables, three 2nd Class Constables)

under the powers conferred by your letter No. 5982 - dated 18th January 1899 and beg that the same may be approved at an early date
